# A home from home

---

Nestled amongst seven acres of landscaped gardens, Albert Edward Prince of Wales Court lies in the seaside town of Porthcawl along the south coast of Wales. The warm, inviting atmosphere at the Home makes you feel at ease instantly. We provide residential care, nursing and dementia support for up to 72 residents.

We want you to feel right at home with us. Here at Albert Edward Prince of Wales Court, you will have a spacious, fully furnished bedroom with an en-suite bathroom, and a specialist team to support your care needs.

Our inner courtyards feature a scented garden, fish pond, seaside themed space and a quiet area to sit and enjoy the smell of the flowers. Residents love our sensory garden, which is designed to stimulate all five senses.

Our on-site beauty salon means that you can arrange a visit to the hairdressers or enjoy a beauty treatment at a time that suits you.

"I think it is a wonderful place for my mother or any other person to be living in"

# What we offer

Moving into a care home doesn't mean you have to give up your independence. We're here to help you to live the life you want, whilst knowing that support is on-hand if you need it.

### Fresh homemade food

We have a fully serviced kitchen with on-site chefs and a catering team. Our varied menu changes regularly to give you a range of meal options and a balanced diet.

### There's something for everyone

We believe that keeping active both mentally and physically allows our residents to experience wellbeing and meaningfulness.

We provide regular activities at Albert Edward Prince of Wales Court from gardening and

painting, to day trips outside the Home and gentle keep fit classes. We can also support you to continue enjoying your own hobbies and interests, and we are confident we'll have something that's just right for you.

### Invite family and friends

There are a number of indoor and outdoor spaces where you can host events with your loved ones. We can help to plan private get togethers or special occasions at the Home if you wish.

### A plan that works for you

From laundry to cleaning services and our on-site shop, we're here to make life more comfortable and enjoyable for you.

We treat everyone as individuals and we will work with you to create a care plan that meets your needs.

"The care provided and the accommodation are both much better than I have come across elsewhere. I am extremely content that my mother is there"

# Our philosophy of care

Albert Edward Prince of Wales Court is operated and managed by the Royal Masonic Benevolent Institution Care Company (RMBI Care Co.) It is also regulated by the Care and Social Services Inspectorate Wales (CSSIW).

Caring is our way of life. As an organisation, our values are: Personal, Professional, Supportive, Learning, Respectful and above all, Kind. We aim to live by these values, and this is shown throughout our work and how we treat others.

We use a person centred approach to care for and support people. This means looking at the world from their point of view, 'standing in their place' and appreciating how they might be feeling.

This is very different from treating everybody in the same way and it makes the care that we provide 'individual' to each resident. Our values and approach to care make sure that we always deliver the highest level of care in our Homes.

Those members of the Masonic community who choose an RMBI Home have the security of knowing that they have a home for life, even if their financial circumstances change – as long as we can still support their needs.

# Types of care

---

Making the decision to move into a care home can be difficult - that's why we're here to support you every step of the way.

## Dementia Support

Albert Edward Prince of Wales Court offers a dementia support service for up to 10 people.

We believe that people living with dementia can still lead an active and fulfilled life. Our staff are trained to deliver support that is individual to each person, so that you can continue to live meaningfully.

The 'Butterfly Service' status is a prestigious nationally recognised kitemark, awarded by Dementia Care Matters, a leading dementia care organisation. It recognises care homes

that are committed to delivering excellent dementia services. As an organisation, we are working closely with them to ensure we always deliver the highest standards of dementia care.

## Residential care

Residential care is provided for people who can no longer continue to live at home, even with support from home care services. It can help people to live safely, whilst giving family members peace of mind, knowing that you are in a supportive environment. We can accommodate up to 46 people with residential care.

## Nursing care

Our nurses are trained to deliver a more specialist level of support which promotes health and wellbeing. This type of care is for anyone who requires 24 hours support from a registered nurse. We can support up to 19 people with nursing care.

## Short stay and respite care

Short stay breaks, including respite care, are available to people who are cared for in their own homes. They allow families or carers to have a rest from taking care of a loved one.

This can be a good option to recover after a hospital stay, or to experience what life is like at our care home.

## Palliative care

Caring for someone during the final days of their life requires specialist skills and understanding. We are committed to making sure that our end of life care respects and upholds a person's dignity and we are here to support you throughout this difficult time.

"The home has been very flexible and understanding to my friend's needs"
