What we offer

Moving into a care home doesn't mean you have to give up your independence. We're here to help you to live the life you want, whilst knowing that support is on-hand if you need it.

Fresh homemade food

We have a fully serviced kitchen with on-site chefs and a catering team. Our varied menu changes regularly to give you a range of meal options and a balanced diet.

There's something for everyone

We believe that keeping active both mentally and physically, allows our residents to experience wellbeing and meaningfulness. We provide regular activities at Prince Michael of Kent Court from gardening and painting, to day trips outside the Home and gentle

keep fit classes. We can also support you to continue enjoying your own hobbies and interests, so we are confident we'll have something that's just right for you.

Invite family and friends

There are a number of indoor and outdoor spaces where you can host events with your loved ones. We can help to plan a private get together or special occasion at the Home if you wish.

A plan that works for you

From laundry to cleaning services and our on-site shop, we're here to make life more comfortable and enjoyable for you.

We treat everyone as individuals and we will work with you to create a care plan that meets your needs.

“Since my mother moved in, both she and I have found the level of care and support offered to be of a very high standard”

Our philosophy of care

Prince Michael of Kent Court is operated and managed by the Royal Masonic Benevolent Institution Care Company (RMBI Care Co). It is also regulated by the Care Quality Commission.

Caring is our way of life. As an organisation, our values are: Personal, Professional, Supportive, Learning, Respectful and above all, Kind. We aim to live by these values, and this is shown throughout our work and how we treat others.

We use a person centred approach to care for and support people. This means looking at the world from their point of view, ‘standing in their place’ and appreciating how they might be feeling.

This is very different from treating everybody in the same way and it makes the care that we provide ‘individual’ to each resident.

Our values and approach to care help to make sure that we are always delivering the highest level of care in our Homes.

Those members of the Masonic community who choose an RMBI Home have the security of knowing that they have a home for life, even if their financial circumstances change – as long as we can still support their needs.

Types of care

Making the decision to move into a care home can be difficult - that's why we're here to support you every step of the way.

Dementia Support

Prince Michael of Kent Court offers a dementia support service for up to 13 people.

We believe that people living with dementia can still lead an active and fulfilled life. Our staff are trained to deliver support that is individual to each person, so that you can continue to live meaningfully.

The 'Butterfly Service' status is a prestigious nationally recognised kitemark, awarded by Dementia Care Matters, a leading dementia care organisation. It recognises care homes

that are committed to delivering excellent dementia services. As an organisation, we are working closely with them to ensure we always deliver the highest standards of dementia care.

Residential care

Residential care is provided for people who can no longer continue to live at home, even with support from home care services. It can help people to live safely, whilst giving family members peace of mind, knowing that you are in a supportive environment. We can accommodate up to 42 people with residential care.

Short stay and respite care

Short stay breaks, including respite care, is available to people who are cared for in their own homes. It allows families or carers to have a rest from taking care of a loved one.

This can be a good option to recover after a hospital stay, or to experience what life is like at our care home.

Palliative care

Caring for someone during the final days of their life requires specialist skills and understanding. We are committed to making sure that our end of life care respects and upholds a person's dignity and we are here to support you throughout this difficult time.

"I would happily recommend the Home to anyone else"
