# A home from home

---

Purpose built in 1972, Lord Harris Court is set in spacious grounds in leafy Sindlesham in Berkshire. The warm, inviting atmosphere at the Home makes you feel at ease instantly. We provide residential and nursing care for up to 90 residents.

We want you to feel right at home with us. Here at Lord Harris Court, you will have a spacious, fully furnished bedroom with an en-suite bathroom, and a specialist team to support your care needs.

The surrounding grounds feature a scented garden, an orchard, and various spaces to sit and enjoy the smell of the flowers. Residents love our sensory garden, which is designed to stimulate all five senses.

Our on-site hairdressing salon means that you can easily arrange an appointment for a time that suits you.

"I always feel very welcome at the Home and I know the staff are very caring of my relative."

# What we offer

Moving into a care home doesn't mean you have to give up your independence. We're here to help you to live the life you want, whilst knowing that support is on-hand if you need it.

### Fresh homemade food

We have a fully serviced kitchen with on-site chefs and a catering team. Our varied menu changes regularly to give you a range of meal options and a balanced diet.

### There's something for everyone

We believe that keeping active both mentally and physically allows our residents to experience wellbeing and meaningfulness.

We provide regular activities at Lord Harris Court from gardening and painting, to day

trips outside the Home and gentle keep fit classes. We can also support you to continue enjoying your own hobbies and interests, and we are confident we'll have something that's just right for you.

### Invite family and friends

There are a number of indoor and outdoor spaces where you can host events with your loved ones. We can help to plan a private get together or special occasion at the Home if you wish.

### A plan that works for you

From laundry to cleaning services and our on-site shop, we're here to make life more comfortable and enjoyable for you.

We treat everyone as individuals and we will work with you to create a care plan that meets your needs.

“The staff always seem to be cheerful, helpful and caring so that my father feels he is among friends.”

# Culture, Values and Vision

Lord Harris Court is operated and managed by The Royal Masonic Benevolent Institution Care Company (RMBI Care Co). It is also regulated by the Care Quality Commission.

Caring is our way of life. As an organisation, our values are: **Kind**, **Supportive** and **Trusted**. We aim to live by these values, and this is shown throughout our work and how we treat others.

**We are Kind:** We are kind to our residents, their families and each other because we are passionate about how we deliver care. We believe that everyone should be treated with dignity and their wishes respected at all times.

**We are Supportive:** We are here to help and be supportive in our approach to care, placing residents at the heart of all we do. We treat each person as an individual, recognising the things that are important to them and working as a team to achieve this.

**We are Trusted:** We are open, honest and trusted in delivering care to Freemasons, their dependants and the wider communities. We have been supporting older people for over 170 years and we work closely with our residents, their families and each other to offer a safe environment.

# Types of care

Making the decision to move into a care home can be difficult - that's why we're here to support you every step of the way.

## Residential care

Lord Harris Court offers residential care, accommodating up to 67 people and nursing care for up to 23 people.

We believe that people living with dementia can still lead an active and fulfilled life. Our staff are trained to deliver support that is individual to each person, so that you can continue to live meaningfully.

Residential care is provided for people who can no longer continue to live at home, even with support from home care services. It can help people to live safely, whilst giving family members peace of mind, knowing that you are in a supportive environment.

## Nursing care

Our nurses are trained to deliver a more specialist level of support which promotes health and wellbeing. This type of care is for anyone who requires 24 hours support from a registered nurse.

## Short stay and respite care

Short stay breaks, including respite care, are available to people who are cared for in their own homes. They allow families or carers to have a rest from taking care of a loved one.

This can be a good option to recover after a hospital stay, or to experience what life is like at our care home.

## Palliative care

Caring for someone during the final days of their life requires specialist skills and understanding. We are committed to making sure that our end of life care respects and upholds a person's dignity and we are here to support you throughout this difficult time.

"The staff that look after my mum are wonderful and show genuine concern and kindness."
